

Pulp Ready Meal Barquette Pulp Ultra®

BePulp

Our BePulp Gastronorm Ultra® range delivers outstanding performance and versatility for fresh, ready-to-eat dishes and hot foods with direct food contact. Designed to fit all machines, it is an ideal solution for central kitchens, food service and takeaway operations.
Engineered to preserve freshness and food quality, the range offers strong grease and moisture barrier performance together with an innovative coating technology without plastic lamination. Suitable for PET heat-sealing films, BePulp Gastronorm Ultra® provides a reliable and practical packaging solution for demanding professional environments.
The range is safe for use in microwaves, conventional ovens, TurboChef ovens and freezers, ensuring maximum flexibility from preparation to service.

Product details
